

Instructor Development Check List

Preparation is the key to success at any Instructor Development program. To give you every Chance to succeed with your Instructor Development program and IE please use this check list as your guide to success and follow point to point this list and cross it after finished. Please bring this list with you to the IDC Orientation. Thank you

Reviewed the five areas: Physics, Physiology, Skill and the Environment, RDP and Equipment from the Knowledge Workbook and Encyclopaedia and I followed the instructions from the form "Education Info IDC programs". Also I have mailed all the answers from the theory exam to Rainer rainer@idc-pro.com

1. Passed each section comfortably or

2. I did not pass each section but have had tuition on weak areas.

Completed all 16 IDC Knowledge Reviews from the 'Independent Study' section of my Instructor Candidate Workbook.

Practiced my rescue skills with the pocket mask, (exercise #7 from the Rescue Diver Course) to a level where I feel could demonstrate rescuing a non-breathing victim at the surface.

Practiced all 20 skills in the Divemaster Skill Circuit to a level where I can demonstrate each to a score of 4 or above.

I have my own PADI Instructor Manual (updated 2005) to use during the Instructor Development Program and IE.

I have my own Instructor Candidate Workbook with the enclosed registration decal

Reviewed General Standards and Procedures in my Instructor Manual.

Seen the PADI Open Water DVD (1 to 5) or the PADI OW CD-ROM within the past six months and reviewed my Open Water Diver Manual.

I wish to make every effort to assist you to prepare. Please do not hesitate to contact me with any questions.

rainer@idc-pro.com

Again, Your Course Director Rainer Suter wish you great success during your preparation.
